

INSTRUCTIONS: This unit is designed for worldwide use with any 110-240V AC power supply. The unit does not need to be switched for different voltages.

1. Allow up to 90 minutes for the room to become saturated to allow protection. To aid this, close all windows and doors 1 hour before retiring. Windows and doors may be opened whilst in use, but protection may be reduced. Use 1 unit per average sized room (approx. 30 cubic metres) for a maximum of 12 hours per day.

2. Unscrew the cap from the bottle and screw into the base of the killer unit.

3. Plug the unit into a power socket. The killer unit will automatically switch on.

4. To replace the liquid bottle, remove the unit from the plug socket, unscrew the bottle from the base of the unit and insert a refill bottle as described above.

Please note that the pins on this unit are intentionally tapered. This makes it easier to use the unit in a wider variety of plug sockets.

SERVICE: Should the Lifesystems Dual Mosquito Killer fail to operate check that the supply fuses are not blown and that the supply is switched on. This device contains no home serviceable components.

USE IN DIFFERENT COUNTRIES: Whilst we strive to ensure accuracy of this list, some countries do not have standard sockets and therefore may vary between regions. Lifemarque cannot accept responsibility for the accuracy of this information.

Countries where this unit will operate:

Afghanistan*, Argentina*, Austria, Belgium*, Brazil, Bulgaria, Canary Islands*, Central African Republic, Chad, Chile, Congo, Czech Republic*, Denmark, Dubai*, Egypt*, Finland, France*, French Guiana, Germany, Greece*, Greenland*, Hungary*, Iceland, India*, Indonesia, Italy, Jordan*, Lebanon*, Liberia*, Mali, Majorca*, Morocco, Netherlands, Niger, Norway, Peru*, Poland, Portugal, Romania*, Saudi Arabia*, Spain*, Sweden, Tunisia, Turkey*, Uruguay*, Venezuela*, Yugoslavia (formerly).

Countries where this unit will operate with the use of a travel adaptor:

Abu Dhabi, Australia, Bangladesh, Barbados, Bahamas, Bahrain, Belize, Bermuda, Bolivia, Botswana, Brunei, Burma, Canada, Canary Islands, China, Columbia, Costa Rica, Cuba, Dominican Republic, Ecuador, El Salvador, Gambia, Ghana, Gibraltar, Guatemala, Haiti, Honduras, Hong Kong, India, Jamaica, Japan, Kenya, Korea, Kuwait, Laos, Liberia, Libya, Macau, Malawi, Malaysia, Mauritius, Mexico, New Zealand, Nicaragua, Nigeria, Pacific Islands, Pakistan, Panama, Philippines, Seychelles, Sierra Leone, Singapore, South Africa, Spain, Sri Lanka, Swaziland, Tanzania, Taiwan, Thailand, Trinidad and Tobago, Venezuela, Virgin Islands, USA, Zambia, Zimbabwe.

* Countries may have regions where unit may not fit without an adaptor.

LIFESYSTEMS

Dual Mosquito Killer Unit

Instructions for Use

Manufactured in China for
Lifemarque Limited

PRECAUTIONS: Read all instructions before use and keep for future reference.

**USE ONLY AS DESCRIBED ON LABEL
KEEP LIQUID AWAY FROM
CHILDREN AND ANIMALS
WASH HANDS & EXPOSED SKIN
BEFORE MEALS & AFTER USE
KEEP UNUSED LIQUID IN A SAFE PLACE**

Never use the unit without a tablet or liquid. Do not leave the killer unit switched on without liquid for extended periods of time. Make sure there is enough liquid in the bottle to provide protection for the required length of time. DO NOT pack away until completely cool.

Ensure that the voltage indicated on side of unit is compatible with mains supply (this unit is designed for voltages in the range 110-240 Volts).

This product is manufactured to comply with the radio interference requirements of EEC directive 87/308/EEC

LIQUID DETAILS:

Active Ingredient: PRALLETHRIN 0.9% w/w., 7.52 G/L. Made in ITALY.

DANGEROUS FOR THE ENVIRONMENT

HARMFUL TO AQUATIC ORGANISMS / MAY CAUSE LONG-TERM ADVERSE EFFECTS IN THE AQUATIC ENVIRONMENT.

STATUTORY CONDITIONS RELATING TO USE:

The (COSHH) Control of Substances Hazardous to Health Regulations 1988 may apply to the use of this product at work.

FOR USE ONLY AS AN INSECTICIDE FOR INDOOR USE ONLY

USE 1 UNIT PER AVERAGE SIZE ROOM (APPROX. 30 CUBIC METRES) FOR A MAXIMUM OF 12 HOURS PER DAY

LIQUID REFILL ONLY FOR USE IN THE LIFESYSTEMS DUAL MOSQUITO KILLER UNIT

DO NOT CONTAMINATE FOODSTUFFS, EATING UTENSILS OR FOOD CONTACT SURFACES

DO NOT TOUCH THE WICK

DISPOSE OF THIS MATERIAL AND ITS CONTAINER SAFELY

DO NOT EMPTY INTO DRAINS

REMOVE OR COVER ALL FISH TANKS OR BOWLS BEFORE USE

READ ALL PRECAUTIONS BEFORE USE

THIS MODEL IS NOT SUITABLE FOR USE IN THE UK

SUITABILITY: Suitable for worldwide use from any 110-240V AC power supply. Fits standard round 2-pin sockets, as found in European countries. For use in other socket types, we recommend using a Lifesystems Travel Adaptor. This pack contains one LIFESYSTEMS Dual Mosquito Killer Unit and one LIFESYSTEMS Mosquito Killer Liquid Refill (35ml). Refill liquid is available in camping and outdoor shops.

This product is approved under the Control of Pesticides Regulations 1986 for use as directed HSE. 8388.
